PLANAR MULTIBODY DYNAMICS
Formulation, Programming, and Applications

MATLAB Programs

The accompanying folders to this note contain some of the MATLAB M-files that are listed in the textbook along with additional M-files. When errors are found or when revisions are made in these programs, these files will be updated. Please observe the date that appears on the link when you download. In this ReadMe file you will find a listing of the M-files that have been revised, and the dates, since your last download.

If you come across any errors, or if you have any suggestions for improving these programs, please notify the author by sending an email to pen@email.arizona.edu. Thank you!

Date of Revision	M-file	Note
December 2007		Refer to the Errata for a list of the M-files
