#### CONSENT TO PARTICIPATE IN SURVEY OF ENGINEERS

The survey is being conducted to provide a better understanding of the ways in which engineers make important decisions in their work.

I (the participant) have read the information provided and any questions I have asked have been answered to my satisfaction. I agree to participate in this activity, realising that I may withdraw at any time without reason and without prejudice.

I understand that all information provided is treated as strictly confidential and will not be released by the investigator unless required to by law in the country where this survey is being conducted. I have been advised as to what data is being collected, what the purpose is, and what will be done with the data upon completion of the research.

I agree that research data gathered for the study, including comments that I make to the researchers in the course of interviews, may be published provided my name or other identifying information is not used.
