

## URINALYSIS PAYMENTS

---

In Skills Group, you earn money every time you have a clean urine. Urine must be clean from your goal drug to earn payment.

- For the first clean urine you give, you earn \$1.50.
- For every week that you have a clean urine, you earn 50 cents more until you get to \$3.50.
- \$3.50 is the most you can earn for a clean urine.

If you have a dirty urine, you do not earn any money. After that, your next clean urine earns you \$1.50 and you start increasing the amount you earn all over again.
