1. Invited perspectives on hypofractionated stereotactic radiosurgery
   Yoshiya Yamada, Martin Brown, and Brian D. Kavanagh
   1

2. Tumor vascular conundrum: Hypoxia, ceramide, and biomechanical targeting of tumor vasculature
   Ahmed El Kaffas and Gregory J. Czarnota
   9

3. Gamma Knife: From single-fraction SRS to IG-HSRT
   Daniel M. Trifiletti, Jason P. Sheehan, and David Schlesinger
   31

4. CyberKnife image-guided hypofractionated stereotactic radiotherapy
   Christopher McGuinness, Martina Descovich, and Igor Barani
   49

5. Linac-based IG-HSRT technology
   Richard Popple
   59

6. Advanced MRI for brain metastases
   Michael Chan, Paula Alcaide Leon, Sten Myrehaug, Hany Soliman, and Chris Heyn
   79

7. From frame to frameless: Brain radiosurgery
   Young Lee and Steven Babic
   99

8. Principles of image-guided hypofractionated stereotactic radiosurgery for brain tumors
   Kevin D. Kelley, Mihaela Marrero, and Jonathan P.S. Knisely
   117

9. Principles of image-guided hypofractionated radiotherapy of spine metastases
   Johannes Roesch, Stefan Glatz, and Matthias Guckenberger
   129

10. Spine stereotactic body radiotherapy for the treatment of de novo spine metastasis
    Ehsan H. Balagamwala, Jacob Miller, Lilyana Angelov, John H. Sub, Simon S. Lo,
    Arjun Sahgal, Eric L. Chang, and Samuel T. Chao
    143

11. Image-guided hypofractionated stereotactic radiotherapy for reirradiation of spinal metastases
    Nicholas Trakul, Sukhjeet S. Batth, and Eric L. Chang
    157

12. IG-HSRT for benign tumors of the spine
    Peter C. Gerszten and John C. Flickinger
    169

13. Postoperative spine IG-HSRT outcomes
    Ariel E. Marciscano and Kristin J. Redmond
    187

14. Postoperative cavity image-guided stereotactic radiotherapy outcomes
    Mary Frances McAleer and Paul D. Brown
    209

15. Brain metastases image-guided hypofractionated radiation therapy: Rationale, approach, outcomes
    John M. Boyle, Paul W. Sperduto, Steven J. Chmura, Justus Adamson, John P. Kirkpatrick,
    and Joseph K. Salama
    225
